

Don't forget about your great work benefits!

Some time ago, we put in place a FlexSave flexible benefit program, designed to provide you with tax free medical expense reimbursement.

Your FlexSave account is a great way to pay for ongoing or new medical expenses.

FlexSave can be used for every day medical expenses like:

- Dental cleaning
- Prescription medication
- Physiotherapy

Or, for other less common things such as dental implants or even treatment expenses outside the country! Costs for COVID testing which you may need for travel or other purposes are also eligible claims under your FlexSave plan.

Claiming is as easy as 1-2-3. Just following these simple steps and your claims reimbursement will be on its way to your bank account in as little as 24 hours!

1. Login to flexsavebenefits.com
2. Enter your claim details and attach your receipt, and
3. SUBMIT!

New to online claiming? Visit www.flexsavebenefits.com to see our Video Tutorials on resetting your password and submitting your claims.
